

Digital Marketing

Project 2

Industrial Training Kit

Batch: 2026 | Powered by DecodeLabs

WELCOME TO THE TEAM!

Step into the role of a Digital Marketing Specialist at DecodeLabs. Project 2 is your visibility phase: SEO Basics & Keyword Research. This track isn't about "guessing what people like"—it's about Search Intent. Before you can rank on the first page of Google, you must master the art of identifying the specific terms your audience uses and understanding the "why" behind their search. By completing this milestone, you are proving you can build a data-driven content strategy through pure analytical marketing logic. Let's design a digital presence that attracts the right traffic with absolute clarity.

CONCLUSION

The absolute best way to master Digital Marketing is through hands-on practice, not just theory. Don't just aim to complete these projects; take them one by one, experiment with unique solutions—like finding "long-tail" keywords with low competition or analyzing the keywords your competitors are using—and treat every low-ranking page as a learning opportunity. As you build these milestones at DecodeLabs, you are creating a real-world portfolio that showcases your technical SEO skills to future employers. Your journey to becoming a professional marketer begins right here, right now, with the very first keyword you target today.
